The Kentucky Concrete Association is a nonprofit trade association representing the men and women of the concrete industry in the great Commonwealth of Kentucky. Since 1960, KCA members and staff have worked tirelessly to improve the overall quality of concrete construction as well as educate Kentuckians about new and existing ways concrete can help them build better and smarter.

KCA members truly believe that concrete is the greatest building material in the world and that concrete can contribute significantly toward sustainable and green construction designs.

MISSION STATEMENT

To improve the quality of and expand the use of concrete, to increase safety in the industry, and to improve awareness and methods of concrete usage as related to environmental issues.

This directory is published by Innovative Publishing. Innovative Publishing specializes in association communications and messaging. Please direct inquiries to Aran Jackson, aran@innovativepublishing.com or 844.423.2727.

TO THE MEMBERS AND FRIENDS OF THE KENTUCKY CONCRETE ASSOCIATION

Thank you for trusting me to serve as the president of the Kentucky Concrete Association. It is humbling and an honor that you've elected me to lead our industry and the association in 2023. I take great pride in knowing that the industry in which we work builds the foundation of our commonwealth and our communities.

I appreciate the opportunity to serve each of you because of your dedication, passion and strength in such a great industry. Each member company and their team are dedicated to the industry, and it brings me excitement for the year ahead. I hope to continue the legacy of the concrete industry being one big family, and that during my tenure, the members of KCA can turn to me for anything. I also appreciate the guidance the Board and KCA members can give to me.

We must remain united and strong to represent the concrete industry. We know concrete is the greatest building material on earth and can provide strength, durability and longevity to projects that choose to use concrete. While there are still challenges ahead for our industry, such as workforce development, I believe that a united industry through membership in KCA can continue leading us into the future. While facing these challenges head on, we have many opportunities for our

products because Kentucky is strong due to the economic development that has occurred and will continue to occur here. We must continue to expand market opportunities for our products and services, and we must strive to "improve the overall quality of concrete construction and to educate Kentuckians about" how our industry can build a more resilient and sustainable Kentucky.

I believe that with the dedicated and passionate staff of the association, KCA members and the Board of Directors, 2023 will be another milestone year for concrete construction in Kentucky. Through involvement with KCA, we will strengthen our own companies and the concrete industry overall. I encourage each member company to become active with the association and attend an event, whether it is a convention, golf outing, Day at the Downs or an educational seminar. I plan to attend each in-person KCA event so I can meet and mingle with members.

Thank you again for the opportunity to serve as the president of the Kentucky Concrete Association.

Sincerely,

Jason Jones

COMMITTEES

ENVIRONMENTAL CONTROL AND SAFETY COMMITTEE

The purpose of the Environmental Control and Safety Committee is to: Work with governmental agencies so that the Association will be consulted before any governmental regulations concerning air, water, or noise pollution are modified or changed, which will affect the ready mixed concrete industry in the areas of environmental quality and control; act as a liaison between governmental agencies and the ready mixed concrete industry in the areas of environmental quality and control.

EXECUTIVE COMMITTEE

The officers and such other directors appointed by the president shall serve as an Executive Committee and be authorized to conduct the affairs of the Association between sessions of the Board of Directors. The president and vice president are members ex officio of all committees.

PROMOTION COMMITTEE

The purpose of the Promotion Committee is to plan and coordinate the promotion of ready mixed concrete in Kentucky and work with regional promotion committees and support their activities.

QUALITY & SPECIFICATIONS COMMITTEE

The purpose of the Quality & Specifications Committee is to: Study methods, gather data and promote techniques for a better quality of ready mixed concrete; plan and coordinate the association's pre-certification school; and work with the Department of Transportation and other specifying agencies developing concrete specifications.

AWARD QUALIFICATIONS

KCA Safety Awards are presented to Ready Mixed Concrete Plants with zero lost time accidents for the 2022 operating year.

KCA plants are divided into three categories based on the size of the operation:

- **Category A** includes all plants operating in Kentucky with an annual average number of trucks stationed at the plant equal to or less than nine.
- **Category B** includes those plants operating in Kentucky with more than nine trucks but less than 20 on an annual average.
- **Category C** represents all plants operating with 20 or more trucks stationed at the plant on an annual average.

Overall Category Winners are those plants that had the lowest Accident Frequency Rate per 100,000 yards produced among the plants submitted to their specific size category.

Bringing People and Technology Together.

You can do it. We can help.

YOUR SOURCE FOR CONSTRUCTION-GRADE AGGREGATES

Liter's, Inc. is a family-owned business that has serviced communities and the construction industry for more than 80 years. Our goal is to provide top-quality construction aggregate in the quantities desired at a fair and competitive price. We understand the demanding needs of the industry and have the resources on-site to adjust to unexpected changes to ensure you receive the best quality of material we produce.

The KCA is pleased to present this year's Membership Directory. Every effort has been made to make the directory as accurate as possible, but the KCA assumes no liability for damages arising from errors or omissions in the compilation and/or printing of the directory.

A close-up, profile view of two graduates in caps and gowns. The graduate in the foreground is wearing a dark cap with a yellow tassel and a light-colored gown. Their eyes are closed, suggesting they are singing or reciting the Pledge of Allegiance. A second graduate is visible in the background, slightly out of focus.

“EVERYONE HERE HAS A PIECE OF MY SUCCESS.”

If you're thinking of finishing your high school diploma, you have more support than you realize. Find teachers and free adult education classes near you at FinishYourDiploma.org.
