KCA Committees

Executive Committee

The officers and such other Directors appointed by the President shall serve as an Executive Committee and be authorized to conduct affairs of the Association between sessions of the Board of Directors. The President and Vice President are ex-officio members of all committees.

Members:

Ben Yost, Eddie Webster, Eric Cole, Jay Moore, Chad Deters, Eileen Logsdon, David Reeves, Carl Applebaum

Promotion Committee

The Promotion Committee exists to plan and coordinate the promotion of ready mixed concrete in Kentucky. They work with regional educational committees to support their activities.

Members:

Ben Yost - Chair, Jody Allen, Brett Baker, Rob Condo, Tim Condo, Chad Deters, Justin Edwards, Don Gore, Ed Heller, Larry Hennon, Jonathan Holloway, Carl Howard, Blair Jones, Jason Jones, Jeff Lentz, Eileen Logsdon, Greg Middleton, James Ray, Bud Ruffing, Cody Steele, Mike Suter, Mike Vogler, Eddie Webster, Darrin Wright

KCA Committees (continued)

Environmental Control & Safety Committee

The Environmental Control & Safety Committee is tasked with working with governmental agencies so that the KCA will be consulted before any governmental regulations concerning air, water or noise pollution are modified or changed which will affect the Ready Mix Concrete Industry. This committee acts as a liaison between governmental agencies and the ready mix concrete industries in all areas of environmental quality and control.

Members:

Mike Tolin - Chair, Greg Armstrong, Carolyn Baker, Eric Cole, Max Good, Rick Hendrix, Roger Laslie, Tammy Partain, Kirk Reinke, Robbie Robertson, Scott Wells

Quality & Specification Committee

The Quality and Specifications Committee exists to: study methods, gather data, and promote techniques for a better quality of ready mixed concrete; plan and coordinate the association's certification school and work with the Department of Transportation and other specifying agencies developing concrete specifications

Members:

Brett Deters - Chair, Alan Vaesa, Ben Yost, Carl Howard, Clay McMillan, Darin Wright, David Reeves, Dexter Newman, Ed Heller, Jill Lewis Smith, John Vaughan, Jonathan Holloway, Kyle Weatherly, Max Good, Michael Collins, Michael Kaelin, Neal Bratton, Roger Laslie, Ryan Scott, Scott Quire, Scott Wells, Stephanie Christian, Tim Kaiser

A WORD FROM THE PRESIDENT

Members of the Kentucky Concrete Association,

My time as a member and as president of the Kentucky Concrete Association has not been quite what I had expected when I moved here 10 years ago. Having grown up a "Yankee," my perception of the area south of the river was nothing like the reality I have experienced. It truly has been an honor to be surrounded by such good hard-working people.

While I don't have a pedigree filled with concrete experience, I grew up on a dairy farm milking cows, baling hay, and playing sports. The work ethic that I developed on the farm proved to be a great foundation to be involved in the ready-mix industry. Most would describe the daily routine of a ready-mix producer as nothing short of insanity. Just like so many people don't understand the difference between cement and concrete, just as many don't grasp the amount of effort it takes to produce the material that is the foundation of virtually every structure built.

The recession took its toll on the economy, industry, and association. It has been a long recovery, but those that persevered are stronger for it and are now better equipped to weather the next storm. Fortunately, there has been a renewed vigor for the association as well. Participation is back up, more families are coming to events, and the industry is seeing some fruits of our association's efforts. The latter of those can be hard to measure, but the national recognition Finley and our association have received speaks for itself. I encourage each and every one of us to continue to support and be active in the association.

Sincerely,

A handwritten signature in black ink that reads "Benjamin C. Yost". The signature is written in a cursive, flowing style.

Ben Yost
President of the KCA

A special thanks to the

KCA GOLD CLUB

Every year, Gold Club sponsor funding goes toward making each event of the Kentucky Concrete Association a huge success. We greatly appreciate all that our Gold Club members have done to support the membership by making annual KCA events possible!

Award Qualifications

KCA Safety Awards are presented to Ready Mixed Concrete Plants with zero lost time accidents for the 2016 operating year.

KCA Plants are divided into three categories based on the size of the operation. **Category A** includes all plants operating in Kentucky with an annual average number of trucks stationed at the plant equal to or less than nine. **Category B** includes those plants operating in Kentucky with more than nine trucks but less than twenty on an annual average. **Category C** represents all plants operating with twenty or more trucks stationed at the plant on an annual average.

Overall Category Winners are those plants which had the lowest Accident Frequency Rate (AFR) per 100,000 yards produced among those plants submitted to their specific size category.

Building the future™

**BUILD IT STRONGER.
FASTER. BEAUTIFULLY.
SMARTER. GREENER.
SAFER. FOREVER.**

For over 100 years, the people of CEMEX have been hard at work turning your visions into realities. Building what can only be imagined, improving upon convention and believing that partnership and passion are the only ways to do business.

We invite you to learn more about CEMEX by visiting us at www.cemexusa.com, or by contacting your regional CEMEX office:

Commitment is in everything we do

At Lafarge, our commitment goes far beyond the raw materials we produce. We bring together the best solutions and materials to build more durable, compact and connected cities. And when you build better cities you get buildings, roads and infrastructure that truly reflect the changing needs of today's communities.

It's this kind of ongoing dedication that's an integral part of the Lafarge culture. And it shows. Whether it's our focus on safety, the well-being of our employees, or the satisfaction of our customers – it's all about ensuring a better quality of life for everyone involved.

To learn more about Lafarge solutions and products, including cement and aggregates, contact:

Working together to build our communities.®

Lehigh is a leading North American producer of cement:

Portland Cements – Type I/II, III

Masonry Cements – M, N, S

White Portland Cements – Type I, III

White Waterproofed Cement

White Masonry Cements – M, N, S

Custom Colored Masonry Cements – M, N, S

Custom Colored Portland

Custom Colored Portland/Lime

Lehigh's sales offices, manufacturing facilities and distribution terminals are poised to respond in strategic locations throughout the U.S. and Canada.
